ALLOWANCE

1. Claims 1-7 and 10-11 are allowed. Acknowledgement is made to Applicant's amendment of claims 1, 5, 10 and 11.

Reasons for Allowance

2. The following is an Examiner's statement of reasons for allowance: The elected invention is free from the art. The closest art with respect to the present invention is Van Emelen, U.S. Patent Application No. 10/506,998. The difference between the compound of the reference and the instant claims is that the compounds of the instant claims lack the double bond of the linker of Angibaud.

Any comments considered necessary by Applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Claim Rejections 35 U.S.C. § 112

3. Examiner withdraws this rejection because of Applicant's claim amendments of claims 5, 10 and 11.

Double Patenting

4. Examiner withdraws this rejection because the compounds of the instant claims lack the double bond of the linker of Van Emelen, U.S. Patent Application No. 10/506,998. There is no motivation suggested in Van Emelen to modify his compounds to arrive at the instant compounds.
